

hello

HI THERE!

I'm Paige, and along with illustration my interests lie in science fiction and puns. When I'm not creating art, I can usually be found watching a variety of pop culture movies and television shows, specifically the Jurassic Park franchise and Doctor Who.

When Vlad woke up, his fang was gone.

He searched his whole coffin.

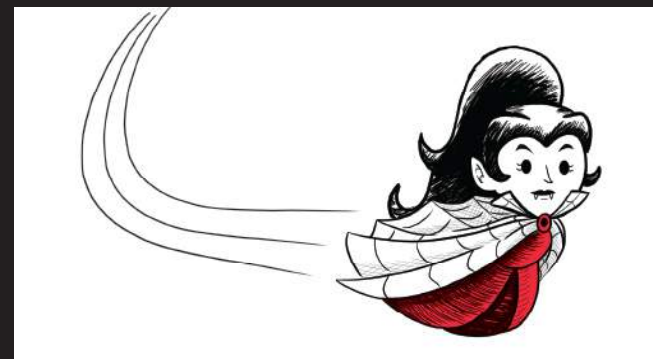

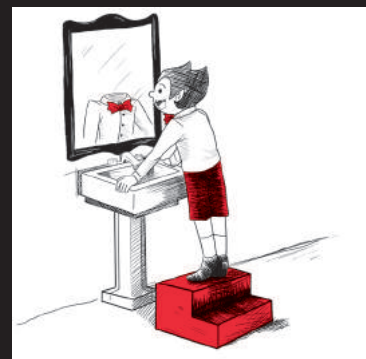

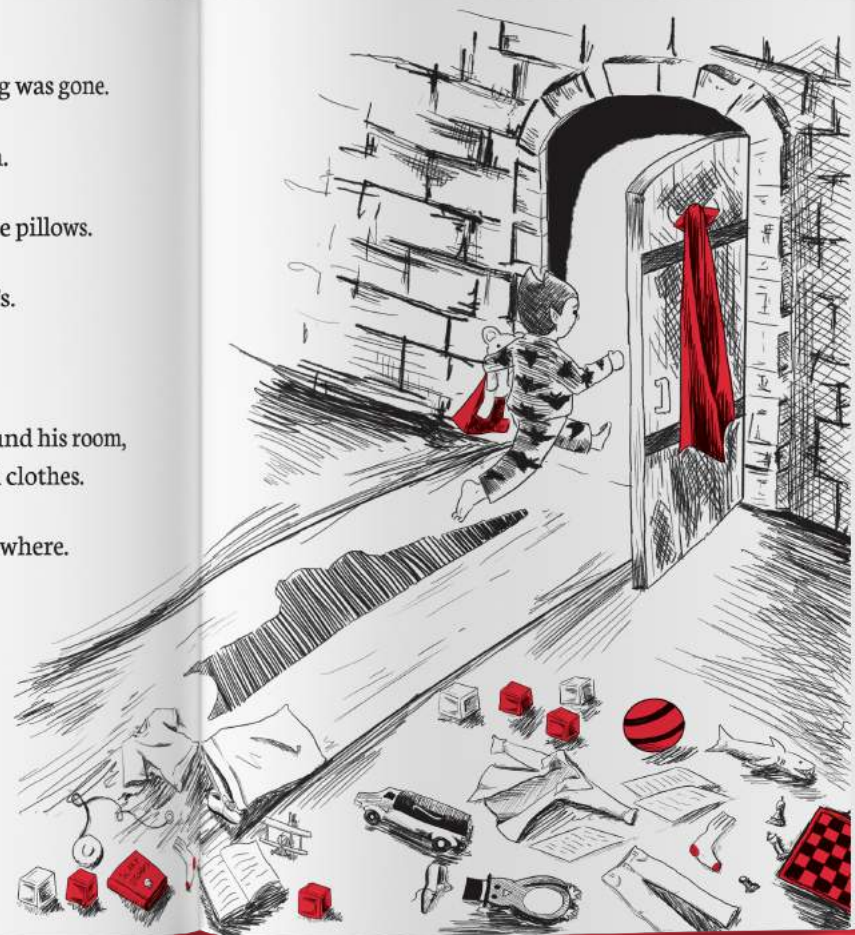

Under the blanket. Under the pillows.

Even in the pockets of his PJ's.

His fang was gone.

He leaped out and raced around his room,
and looked through toys and clothes.

His cape had to be here somewhere.

He couldn't find the cape.

And his fang was missing.

He'd lost it.
